The following timeline summarises the selection process:

About the Red Umbrella Fund

The Red Umbrella Fund is the first global fund *by and for* sex workers. Since its creation in 2012, the Red Umbrella Fund has provided over 100 grants to sex worker-led groups in over 45 countries. Grantees are selected through an international review process in which sex workers are the main decision makers.

The Red Umbrella Fund believes that change will only be achieved through strong, collaborative movements of sex workers advocating for their rights, with the support of allies. Sex workers themselves are the best positioned to know what is needed for them, and best placed to do something about it. Our strategic priorities focus on promoting sex workers’ human rights, building capacities of sex worker groups, and strengthening and sustaining the sex workers’ rights movement.

Where does our funding come from?

The Red Umbrella Fund is grateful to the following funders for their support in 2017: American Jewish World Service, Dutch Ministry of Foreign Affairs (Count Me In!), Elton John AIDS Foundation, Levi Strauss Foundation, Mama Cash, Oak Foundation, and Open Society Foundations.
